Vine Seeds and Seed Corn.

J. C. ROBINSON,

Wholesale
Seed Grower

WATERLOO, = = NEBRASKA.

I AM entering upon the New Century with an equipment of planting stocks that cannot be excelled for quality in America. I also have under my special control over one thousand acres of as fine seed land as can be found anywhere; this supplemented by a large corps of experienced Contract Growers places me in the best possible position to care for your business. A proper acreage will be planted of each variety to produce, under ordinary conditions, the various amounts required to fill all contract orders, and under no circumstances will an acreage be planted for the purpose of producing a surplus. In case of shortages all orders will be filled by an equal *pro rata* division of the entire merchantable crop delivered to me by my various growers, all orders being treated alike.

Orders will be accepted for the growing of special stocks or new varieties at reasonable prices, if planting stocks are furnished.

The Telegraph Code used is the same as adopted by the American Seed Trade Association.

Order for 25 pounds of a single variety of Vine Seeds will be filled at regular quotations; for orders of less than 25 pounds of a single kind, add 2 cents per pound.

TERMS: Field Corn, cash on receipt and examination; Sweet Corn and Vine Seed, 60 days acceptance, or, if discounted, 1 per cent. in 30 days from date of shipment. All prices are based on delivery f. o. b. Waterloo, Neb.
